

First Announcement

38th Annual Conference of the European Teratology Society

*5 – 8 September 2010
Barcelona, Spain*

In conjunction with the

European
Network
Teratology
Information
Services

Invitation

Network of Teratology Information Services, which shares their meetings with ETS every other year. The conference will be located in a downtown hotel in Barcelona amidst the cities' many highlights. We encourage you to join and share your work at the conference and enjoy both the excellent scientific atmosphere and the manifold cultural challenges of one of the most popular cities in Europe.

ETS crosses new frontiers! For the first time in its history, the European Teratology Society will meet in Spain. This event marks the expanding interest in research towards the causes and prevention of birth defects in Europe. At the same time it acknowledges the long-standing interest in reproductive toxicology, birth defects epidemiology and endocrine disruption research in the Spanish scientific community. The ETS conference will be held together with ENTIS, the European

Preliminary Scientific Programme

Education Course: Basic Comparative Embryology

ETS-ENTIS Symposium: Drug Safety Surveillance

ETS Symposia: Environmental Reproductive Toxicology, Alternative testing for Reproductive Toxicity, Novel end points in Reproductive Toxicity testing.

Additional program items include: ETS Award lecture, ETS-Teratology Society USA debate, free communications, poster session.
